Do you think that will stop the Patriots? LMAO. Do you honestly think a Patriot who cares for their country will be stopped by roadblocks or trains? MR. 5 days old do yourself a favor, stay home, and let Patriots show you how it is done. Fear is a fucking Illusion.

You seem afraid, why? You do not have to come. Pedes got this. Roadblocks, Trains, BS gun laws? Who cares? You are only empowering people to come even more. I warned them a long time ago when the Patriots finally have had enough, move out of the way. So get out of the way or stand for God and Country. EOS

Who the fuck knows, I don't think we should be over estimating ourselves cause that leads to complacency. I think OP is smart to warn people how to enter easily.

But fuck. January 6th will be something else. For the first time it will be clear to 80 million people that there is no one coming to save us and Biden truly is being ordained president if we don't stop it.

(Unless of course something great happens, which still could, but chances are likely January 6th will be a crushing wave of reality for over half the country)

It only takes one crazy bastard to start the herd mentality (i don't mean this in a negative way, it's just most people are followers, not leaders) to break through the barricade for the rest of the crowd to follow.

As soon as the cops try to tear gas the crowd, all hell breaks lose. Cops are afraid to arrest antifa carrying leaf blowers and umbrellas, you think they have the balls to go against patriots with AR-15 at low ready and glock 19's on their hip?

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ 31 ▼

= [Scumcunt](#) 31 points 10 hours ago +32 / -1

I think the concern is cops are afraid of the optics if a rubber bullet squishes an Antifa eyeball, but have no such compunction about taking down armed 'militants/domestic terrorists'.

The potential for chaos is very real, and I'm not sure if chaos helps or hurts us. Despite law enforcement's track record, many (most?) patriots are -reasonably - pretty hard wired not to shoot cops. Add that to the relative inexperience and disorganization of our side and I worry we end up in a situation where LE cracks down really hard because there will be tens of thousands of armed Patriots with limited understanding of military tactics and poor-to-nonexistent comma infrastructure.

I hate adopting antifa's tactics. It disgusts me that their tactics work in this country. But they obviously do. We protest peacefully, don't hurt anyone, don't break anything, and then we go home. And nothing changes.

The commies throwing M-80's and smashing windows are allowed their own 'autonomous zone'. I don't think we should destroy businesses who have nothing to do with anything, but clearly antifa protests are accomplishing more than ours. And we can't afford to lose. Officer Friendly who gives you a ride home instead of throwing you in the drunk tank is the kind of cop we support. Random DC riot control shutting down businesses and breaking up constitutionally guaranteed rights? We need to stop respecting them.

I believe it's not that it works because it's a smart tactic for antifa or BLM. It's because the spineless coward politicians and police see the M-80's as more violent than us standing around making area's Cleaner than before we arrived. Using force works VERY well. no matter how small it may be. So if we use force it would definitely out do anything they could ever imagine come from Ant queefa or BLM. Everything they can do we will do better. We've just been nice is all.

Makes me sick to my stomach to think a swat team would fire on Americans trying to enter DC. If that happens while we are there he'll hath no fury... the shorty part is that it would only take one bad actor on their side to start a

fire fight. We need to make it clear that we will not harm LEO if they choose to not participate.

Well yeah but they won't be using tear gas if people are coming at them armed, instead they will get to break out the real toys.

The delusions of grandeur some of the people on here have are absolutely insane, you watch too many movies.

It will be a slaughter of epic proportions if a bunch of unorganized, untrained weekend warriors charge in there thinking they are going to take over Washington DC which is one of the most heavily defended cities in the country.

The only way something like that would have even a slight chance of temporary success is if it was a complete surprise to the authorities which obviously is not going to happen because everybody knows that there's something big going on that day so they will be ready and waiting.

But hey I'm not going to try and talk anybody out of making a martyr of themselves if that's what you need to do in order to feel like you're fighting for what you think is right then who am I to try and stop you but just know that it will end with your death If you go in there guns blazing and in the end it won't make one bit of difference regarding Trump staying in office, the only people it will hurt are the family and friends you leave behind.

And even if you really think they'd do that, do you think America would survive it? Do you think anyone has a strong enough case of TDS (known cop haters) to side with the cops for murdering an entire crowd CCP style?

I think OP is probably overstating the concern, but they aren't suggesting it will stop anyone from attending/trying to attend. I see it as just an attempt at a helpful logistical post, not someone cowering in fear. It's a helpful reminder that globalists are not pulling punches, if they actually perceive a possible threat, no telling what they will do to shut down the gathering.

I'm still concerned that we are setting all kind of different expectations for this day, though. Some people are talking about it like they are flying in for a weekend rally and talking about the best hotels/things to do in DC. Others are buying fanny packs to strap to their cargo shorts so they have enough ammo to remake the ending of Scarface and wondering if their bivouac will hold up to temperature/weather extremes on the Mall if they have to occupy the city for a few weeks.

Given how frequently disinfo ends up stickied or massively upvoted on TDW, I'm really concerned about rumors spreading on the ground on 1/06. Even if cell networks were working perfectly, the number of people my overwhelm those networks so people won't have access to the internet to get good information.

I'm very worried that an outcome from the process we would be happy with and a peaceful, lawful and safe assembly are mutually exclusive.

I don't get that either. What is wrong with working out a game plan? There are very few that are going to attempt to ram through roadblocks. Be honest about what do if X happens is helpful. It's working out a strategy, not demoralizing people.

Demoralizing would be saying, "Give up pedes. You won't give in. Don't even bother trying."

Being realistic is saying, "They may attempt roadblocks or to cancel your reservations or ground the flights. Here is back ups plans you should make just in case."

Sounds like a good idea to me. Maybe they will, maybe they won't. But why not have a back up plan just in case?

That was a different era, Washington and his people were much rougher and tougher individuals whether anyone wants to admit that or not.

There was also no real time tracking technology in existence back then, any kind of approaching group of armed men will be easily tracked and targeted.

There is no scenario where this won't end very poorly for anybody attempting any kind of armed resistance or takeover in DC on the 6th.

I made a post a few days back about not relying on public transportation or airlines in order to get to DC on the 6th

I warned that they would try to shut down those avenues.

I said they wouldn't be above bomb threats to stop airlines.

But I underestimated them.

The Nashville explosion was an attack on our coming journey.

**They are trying to paint RVs and large vehicles as threats**

The cowards are scared and trying to keep us from their stronghold.

**BE READY FOR A LONG MARCH INTO DC**

Have an easy-to-carry pack of supplies and comfortable shoes: *The left very well might try to close off roadways*

Make no mistake: **THIS IS WAR**

*DO NOT START ANY PHYSICAL ALTERCATIONS, BUT DO NOT RETREAT!*

The 6th will be a battle of political influence, but if the Left thinks we're verging on victory, do not expect them to walk away.

The Leftists in power will obstruct our pilgrimage.

The Leftists in the street have already burned, looted, and murdered all throughout the country. They'll take any excuse to draw blood in DC.

**WE HAVE BEEN ASKING OUR GENERAL FOR MARCHING ORDERS. BE READY TO LITERALLY MARCH**

The 6th is our best chance to win.

We may never have another chance.

We'll certainly never have a better chance.

Go armed and pray it's not needed.

Do not let fellow patriots be taken into custody by corrupt cops violating our God-given rights, namely those outlined in the 2nd Amendment.

Any cop trying to enforce unconstitutional rules has ceased to be a LAW-enforcement officer and has become a government-protected kidnapper.

Respect good police, but *do not surrender to leftist enforcers*.

Be prepared to be called a criminal, but wear that as a badge of honor.

The system is corrupt.

We must take back power and freedom.

They should hate us.

They should fear us.

They should resign.

THEY SHOULD RETREAT

WE WILL MARCH

Let's face it, IF we are to be victorious, **January 6th is just the start.**

*If we want to WIN, we need to STAY!*

I've posted about things to consider when planning our rendezvous with The General.

I would urge people to read those posts, but this is about the next step.

Maps are circulating in regards to our goal of territory control.

## WE NEED PEOPLE WHO CAN RESUPPLY THE LINE

If you have access to large amounts of supplies such as food, water, soap, batteries, blankets, propane heaters, tents, medicines, and so forth and can transport them to the line, you can be perhaps the most valuable asset we have.

**We need to reach territory, secure it, control at minimum one stretch of road into the occupied zone for resupply missions, and we need drivers to bring in supplies**

## PLAN FOR AN OCCUPATION NOT A SINGULAR DAY OF PROTESTING

*If you cannot make it to DC on the 6th, try to show up soon after: reinforcing and resupplying are priceless actions*

**DO NOT RELY ON D.C. SUBWAY! IGNORE STICKIED POST!!! D.C. subway lines have fences in front of entrances they will lock. Most originate or go through some of the fucking worst hoods in the country.**

As I also mentioned on there, you don't have to worry about which hoods they go through if you know where you're riding. The Orange and Silver lines are fine. The Yellow and Blue Lines can easily and safely give you a ride up from Southeastern Fairfax County/Reagan National/Alexandria, Arlington areas. Btw, in all my years, even with riots going on, I've never seen them completely shutdown the Metro. There'd have to be some massive attack for all of Metro to shutdown, so just keep that in mind. The Green Line rolls through Anacostia if that's a concern, and the Red Line has some rougher stops, but just remember that you want to come up around the Mall.

The proper way for this to go down is for trump to issue an order the day before saying that all DC gun laws are not constitutional and therefore unenforceable by local PD, thereby allowing all of us to enter the area armed and safe from persecution. Thats the only way we will have the numbers to influence real change

We need as many People as possible. That means even folks that aren't carrying — Armed pedes can go straight to the floor of the senate and there can be 1 million more behind them — in Minecraft.

Look let me clear on this. I deplore violence. Seen too damn much in this life. But when you cheat on an election in plain sight, when you try to strike fear into their hearts with a BS virus and take away everything from them. What do you expect them to do? Patriots will fight. That's what they do. I am one man, I cannot nor will I try to control or stop them. Nor will I help anyone to try to stop them. I am a Patriot as well. I stand on the side of the right. I stand with the Patriots. Did Washington ask for permission to cross the Delaware? No.

I am a small matter to this but I see the pain they suffer. And by God, I will not stand by and see it no more. I am nothing. They are everything. And make no mistake, I am no Washington. Nor would I even try to be. To me, he was a Saint and I am just a pissed off American. We want Justice, Truth, and our way of life back. You do not like it well ok. Let us see what happens.

Yup, our side literally sat by while the *votes* were being counted 15 feet away and NO WAY to observe, because some lefty told them to stay behind a barricade. They took a picture of it and bitched on social media. Seriously, if that is going to stop you, just stay the fuck home. Let the rest of us do the dirty work.

Looks like good weather in the forecast for DC! Who's bringing the BBQ grill?

This isn't a rally or protest. This is a call to arms. This is Trump rallying the troops to for a show of force to deter the deep state from finishing the coup. The only thing stopping it from igniting is what kind of speech Trump gives us that day.

They have command and control. We dont. Hopefully enough of us show up and the cops dont resist. Hopefully this is a victory party and not the Battle of DC

ASSHOLES HERE YOU Inside, the more likely it is Trump will overcome this fraudulent election! Failure is NOT an Option!

The mayor is a B LM Marxist, slipped through the cracks either via voter fraud and/or corruption, those who actually voted, again, just because they are black doesn't make them a good candidate! Once Trump is inaugurated, we have to get these B LM Marxists out of public offices, moving forward, every political official has to go through an extensive investigation made public before voting begins!!

With as masks-off as the left has been, I'm honestly expecting some shit like a "rogue" police officer to fire bullets in a crowd or some shit :/

No doubt it'd be *The Shot Heard Around the World* again, but you pray it doesn't happen

I'm planning to fly in and would like to stay with other sober men who are willing to push/walk through if they won't let us in. Not bringing wife or kids.

I would need a bed the 5th and 6th, preferably in a 2A friendly area. Planning to scout to see how where and when to cross into DC, whether gray, overt, covert, or with non-weapon tools, rope, tar, etc.

Hoping it will be literal fireworks, not figurative fireworks, but que sera sera.

I reached out to a local conservative group to see if they could help me find people to carpool. The head of the group told me to fly to Baltimore and take the train. Useless.

THIS.

If you are staying in Arlington like millions of other patriots be prepared to break the police line to get into DC. It will happen. Mentally and physically prepare.
